

Gia Loi Do

437-425-9879 | gldo1@myseneca.ca | Toronto, ON | <https://www.linkedin.com/in/gia-loi-do-437477366>

Passionate Computer Engineering Technology student seeking a co-op or internship in software development to leverage skills in React JS, JavaScript, and C programming while contributing to innovative projects and gaining hands-on experience.

EDUCATION

SENECA POLYTECHNIC | Toronto, ON

Advanced diploma Of Computer Engineering Technology

GPA: 3.6

September 2024 – Present (Expected Graduation: April 2027)

SKILLS

- **Languages:** C, JavaScript, SQL, HTML, CSS
- **Frameworks:** React, Node.js
- **Tools:** Git, Visual Studio Code, Vercel, Visual Studio

SIDE PROJECTS

Spotify Clone | Personal Project, 2025

- Developed a web-based music player using **React** and **JavaScript**, featuring song playback and playlist management, deployed at <https://music-eight-beryl.vercel.app>
- Styled with **Tailwind CSS** for a responsive, modern interface, ensuring seamless user experience across devices.

Travel Journal Web | Personal Project, 2025

- Built a web application using **React** and **JavaScript** to display travel entries with location and description details, deployed at <https://mytraveljournal-theta.vercel.app>
- Styled with **CSS** for a responsive, visually appealing interface.

Inventory Management System | Course Project, Seneca Polytechnic, 2024

- Developed a **C-based** command-line application to manage product inventory, supporting CSV file I/O, dynamic memory allocation, and sorting by name, price, or stock.
- Implemented features for adding, updating, deleting, and searching products, optimizing data handling with structs.

WORK EXPERIENCE

Sales and Inventory Assistant | Minh Diem Auto Parts (Family-Owned), Vietnam | 2019 – October 2020

- Supported daily operations of a family-run auto parts store, assisting with sales, **customer service**, and inventory management for automotive components.
- Developed strong **organizational skills** by sorting and arranging products, ensuring efficient stock management and accessibility for customers.
- Enhanced **problem-solving abilities** by addressing customer inquiries and resolving inventory discrepancies, contributing to improved **operational efficiency**.

COMMUNITY INVOLVEMENT

Plasma Donor | Canadian Blood Services, Toronto, ON | April 2025 - Present

- Contributed to community health by regularly donating plasma, demonstrating commitment and reliability.
